Class Teacher

I can't quite believe we are now halfway through the academic year, it really is moving too quickly. The children have been amazing since returning after Christmas, throwing themselves into all opportunities presented to them: prefects, ambassadors and swap station.

I am so overwhelmed with the number of children who have been attending Maths and English after-school clubs. We strongly recommend you advise your child to attend these as we are focusing on test style questions in order to get your children as ready for SATs as possible.

Curriculum

Maths – We are now coming to the end of our Algebra unit. The children have been phenomenal! They are now completing more difficult algebraic equations, including finding the inverse of operations to solve missing number problems.

Can you solve: What is the value of c, when $n = 8$. $C = 4(n+8) - 7$

English – The children have been reading Lost Happy Endings, written by Carol Ann Duffy. They are not writing their own prequel to the story, imagining how the children may have lived before she turned 'evil' in the story. Some of the ideas that the children have come up with today in their planning are AMAZING and I am excited to read their stories.

Reading – We are almost at the end of our novel, Cogheart. This week children have been using a range of skills: summarising, sequencing and inferring. They are excited to find out what happens next and if Lily ever finds her missing father.

Healthy Schools

We have recently become a Healthy School. This means our school menu has been changed to include more nutritious meals and desserts are fruit and yoghurt for majority of our week. We are hoping that parents can help support their children's healthy lifestyle by providing healthy snacks for break times and packed lunches are containing healthy options, with minimal sugar where possible.
