

Year Group: Years 1 and 2 (KSI)    Date: Monday 20<sup>th</sup> April 2020

Subject: Art & Design- Colour Theory

LO: I can correctly mix primary colours to create secondary colours.

Prior learning: Primary and secondary colour names

### Key Facts:

- There are 3 primary colours: red, yellow and blue. Primary colours are the most basic colours and you cannot mix other colours to make them.
- There are 3 secondary colours: orange, green and purple. Each secondary colour is made up of two different primary colours.

New learning:

The following links might be useful to help you learn about colour mixing.

- <https://www.youtube.com/watch?v=6XIGFJXMYnA>
- <https://www.youtube.com/watch?v=Gb7CFzW8XIo>

Activity :

If you have paint at home, mix primary colours to create secondary colours on a colour wheel. If you do not, why not create a colour wheel using objects from around the house or try colour mixing online with an adult. <https://trycolors.com/>
