Tip 1

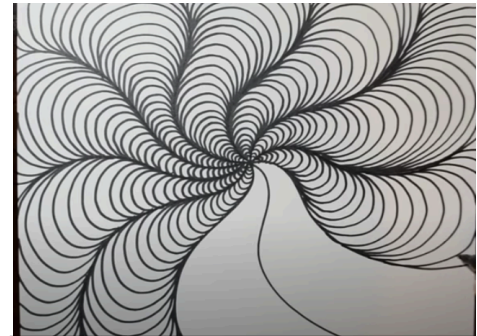

Put a dot in the centre of the page.

Each wavy line you draw always starts from the dot in the centre.

Tip 2

Turn the paper so that you are always drawing a 'u' shape.

Tip 3

Take your time and do it section by section just like in the you-tube clip.

HAVE FUN!

Things to consider

The first or even second time you try this it might not go as planned! DON'T give up!

You will need to pause, rewind and watch the you-tube clip lots of times!

Take a photograph of your artwork and upload a photograph of it onto purple mash. Click on this icon to upload →
