### Read to your child daily

Reading at home is so important with your children. Please share a story with your child. This could be during the day or at bedtime. It is so important for your children to enjoy listening to stories and it's also a great bonding experience.

### Shopping list writing

Encourage your child to sit with you when you write your own shopping lists. It is important for your child to see you write and to see writing used for a purpose. Get them involved in the shopping, can they make their own list of treats or foods they would like?
