Lesson 10

Imagine you are looking at an image, like the one from the opening of the story, of you taken in school by a new child. Think about the new child and the day they arrived at your school.

Read the modelled write on Purple Mash, using speech to build up tension and atmosphere.

Activity:

(Go to Purple Mash 2Do - English lesson 10) Children to write their own story opening using their story plans from last week. Encourage them to use the rules of speech to create an imagined scene in the classroom, using a mixture of questions, commands, statements and exclamations.

Save your work in your online tray in English as lesson 10.
