

Year Group: Years 1 and 2 (KS1)    Date: Monday 11<sup>th</sup> May 2020

Subject: Geography - Our World

LO: I can compare a hot continent to a cold continent.

### Key Facts:

- The hottest continent in the world is Africa.
- The equator runs right through the middle of Africa.
- Africa is closer to the equator than the U.K.
- The U.K is in Europe.

### New learning:

Watch this video about Nigeria in Africa.

<https://www.bbc.co.uk/bitesize/articles/zk9tpg8>

Talk to an adult about how Nigeria is different to the U.K?

Does the climate look different? Do we have deserts in the U.K? What animals can you find in Africa that you can't find in the U.K?

### Activity 1 - Recap prior learning

Pirate Bunnies: World Adventures.

Test your geography knowledge so far by playing this game. You can check your knowledge of seasons, U.K, weather, continents and oceans.

## Activity 2 - Purple Mash

Look at these two pictures. Can you label their similarities and differences?

Use these words to help you:

hot climate	cold climate	rainy
fewer trees	sandy	grassy
