

Year Group: Years 1 and 2 (KSI)    Date: Monday 4<sup>th</sup> May 2020

Subject: Geography - Our World

LO: I can demonstrate my understanding of the world.

## Prior learning:

- Name seven continents.
- Name five seas.
- Where is the equator?

## Key Facts:

- The world is made up of 7 continents; North America, South America, Africa, Europe, Asia, Antarctica and Australasia.
- Antarctica is the coldest continent in the world and the hottest continent in the world is Africa.
- The earth is usually warmest nearest to the equator - this is why Africa is the hottest continent.

## New learning:

Use previous learning to show what you have learnt over the past few months.

- There are 7 continents, 5 seas and the equator is situated in the middle of the world (hottest place).

## Activity 1:

Use a balloon - blow it up - place tape around the middle (the equator) Can you name all the continents on your world? Share this on twitter.

Purple Mash - 2do - Geography Week 3 - Write what you can about the world -  
Name our continent, label the equator, where is hot and why?
