Dear Parent/Carer

As your child is now in Year 6, the Knowsley School Health Service (0-25 Team), in partnership with yourself and the school will be following Government policy and involving children and their families in deciding how we can best use our resources to keep them healthy as well as identifying individual health needs.

This term we are asking all parents/carers of children in the Year 6 class to complete a simple online questionnaire about their health and wellbeing.

A School Nurse will review the completed questionnaires and may contact you to talk about your responses in more detail.

A link to complete the questionnaire will be texted to you, please note this will state it is from Wirral Community Health Care Trust; The Knowsley 0-25 Team are part of this Trust. If you do not receive this text by **09/10/2024 please contact our duty hub to update your contact details on 0151 514 2666, we will then arrange for the link to be sent to you.**

Please only complete the form if your child attends a school in Knowsley and their date of birth (dob) is between **01/09/2013 and 31/08/2014**, you will be asked to enter their dob when you access the questionnaire.

If you require support to complete the form, please contact us on 0151 514 2666.

The Trust's legal basis for collecting, using and storing information is to enable it to perform its public task in providing direct health care to its patients (and their carers where applicable).
